# SINCERELY BUDGETING

## 30 DAY INCOMING / OUTGOING FUND TRACKER

Below, you will list daily how much you received or spent for that day. At the end of the month, add all of the incoming funds (separate from your normal monthly income) then add all of the outgoing funds (separate from your normal monthly bills). Lastly, subtract what you have spent (outgoing) from what came in (incoming). This allows you to track your habits and make necessary changes.
